

**MC Community College
Starting Athletics Hall of Fame**

Having produced more than 50 years of sports excellence, the Mercer County Community College (MCCC) Foundation and its newly-formed MCCC Athletics Committee (MAC) have announced the establishment of the MCCC Athletics Hall of Fame to honor those who have distinguished themselves on the field and on the court.

Comprised of Foundation board members, alumni, past coaches, players, and administrators, MAC members will assist with fundraising efforts to fund athletic scholarship programs and to improve athletics facilities.

Through a combination of outreach efforts designed to enhance relationships with alumni, students, parents, and the community, the committee further aims to promote Mercer school spirit through intercollegiate and intramural athletics.

MCCC's storied sports history includes 14 national championships, including titles in men's basketball and soccer and women's tennis, with nearly 200 student athletes achieving All-American honors.

The MAC is currently seeking nominations for the inaugural Hall of Fame class, with a nomination form available at www.mccc.edu/athletics. The nomination deadline is April 19, with a community induction ceremony planned for fall 2020.
