Location	Presentation	Description	<b>OPEN ALL DAY</b>
Student Welcome Center	<b>Open House Registration</b>	Registration is open all day. Walk-in guests should register here to receive Open House programs and wristbands for lunch and bookstore discounts. Pre-registered guests should check in to pick up their Open House packet.	
SC 104	<b>Admissions Open House</b>	Members of the Admissions Office staff will be available to answer questions and begin the application process for prospective students. Assistance for Spanish-speaking prospective students will be provided. Parents are welcome to participate.	
SC 104 Hall & FA Offices	<b>Financial Aid Open House</b>	Members of the Financial Aid staff will be available to answer questions and begin the FAFSA application process for prospective students. Parents are welcome to participate.	
SC 104 Hall	<b>American Honors at Mercer</b>	This will be an Open House with tables and information staffed by American Honors staff members, faculty, and students, who will offer tours of laboratories and classrooms and the American Honors study space.	
SC 104 Hall	<b>Setting your Goals: Career and Transfer</b>	Career and Transfer Services staff members will review how you can meet your goals for either transfer to a four-year college or using your Mercer education to boost your career.	
SC 104 Hall	<b>Trenton Campus Programs</b>	Come see all the Trenton Campus has to offer for all Mercer students. Meet faculty and staff and learn about Fashion & Merchandising, Criminal Justice, Liberal Arts and Academic Support, Community Education & Training, High School Equivalency Testing, and Youth College Programs. Enjoy hot popcorn and other treats from Trenton's own Center City Cafe.	
Archway	<b>Tour the Campus with student leaders</b>	Student leaders will guide walking tours of the West Windsor Campus. Visit campus highlights and selected academic facilities.	
Art Gallery	<b>Faculty Art Show</b>	Gallery Director Dylan Wolfe and Art students will be on hand in the MCCC Art Gallery to present the Faculty Art Show.	
Bookstore table and Learning Center	<b>Learning Center Information and Open House</b>	Director Arlene Stinson will host a Learning Center information table just outside the bookstore. Guests are invited to visit the Learning Center and see its staff helping students.	
CM 117	<b>WWFM Open House with On-air Hosts and Special Guests</b>	Mercer's own WWFM: The Classical Network will have an all-day Open House at its on-campus studio location. See live broadcasts in action and meet station personalities and special guests. On-air hosts will include: Bill Jerome (8 a.m. to noon); Carl Hemmingsem (noon to 3 p.m.); and Alice Weiss (3 to 5 p.m.). Meet and converse with broadcast host Alice Weiss, station director Peter Fretwell and with WWFM special guests Marjorie and Israel Herman (9:30 to 11:30 a.m.); Ted Otten and Michael Kownacky (11:30 a.m. to 1:30 p.m.); Allan Kelly (1 to 3 p.m.); and Bill Zagorski (2:30 to 4:30 p.m.)	
Holocaust Center	<b>Holocaust Center Open House</b>	The Holocaust Center will offer docent-assisted tours that will include interactive activities. Special hands-on workshops will be offered during Sessions 2 and 3, with noted author and Holocaust speaker Dr. Vera Goodkin.	
Library	<b>Quiet, Self-guided Tour of the Library</b>	Visit the Library and read about Library systems, facilities, and programs. This is a quiet, five-minute self-guided tour during open hours.	
SC 104 Hall	<b>Foundation Scholarships at Mercer</b>	Mercer County Community Foundation provides scholarships that support student learning and success. Learn what scholarships are available and how to apply.	

*Schedule continues on next page*

Location	Presentation	Description	<b>OPEN ALL DAY</b>
SC 104 Hall	<b>University Center and Transfer Open House</b>	University Center partners (Fairleigh Dickinson, Felician College, Rutgers University, and William Paterson University) will be available to answer questions and begin the application process for prospective students. Parents are welcome to participate.	
SC 104 Hall	<b>American Association for Women in Community Colleges (AAWCC)</b>	The American Association of Women in Community Colleges changes women's lives through education, service and leadership development. The Mercer Chapter sponsors an annual Dr. Patricia Donohue Award, given to women in community colleges recognizing outstanding service and leadership.	

# BREAKOUT SESSIONS

Location	Presentation	Description	<b>SESSION 1 • 10-10:45</b>
CM 109	<b>Meet the Academic Deans</b>	Vice President for Academic Affairs Eun-Woo Chang will moderate a panel including Deans Winston Maddox, Linda Scherr, and Robin Schore who will each make a brief presentation followed by questions from audience members and answers from the deans.	
AD 121	<b>The Business Curriculum at MCCC – Stories of Success</b>	Professor Laura Sosa and other Business faculty will provide an overview of the Business degree offerings, transferability, and transfer partners. Business alumni will describe how MCCC prepared them for completion of a four year degree in Business at their transfer institution. Current students close to degree completion will also discuss their experience at MCCC.	
Athletics Center Lobby	<b>Athletics at Mercer: Excellence in Performance and Education</b>	Athletics Director John Simone will describe the Mercer Intercollegiate and recreational athletics program, provide a tour of Mercer's athletics facilities, and visit with players and coaches at a team practice.	
BS 310	<b>Computer Studies at Mercer: A Wide Choice of Programs</b>	Professor Meimei Gao and other faculty members will describe programs in Computer Science, Computer Information Systems, Computer Information Technology, Mobile and Web Computing, Network Engineering Technology and Security Systems Technology. Guests will see demonstrations and have time for questions and answers.	
CM 110	<b>Career Prep Instructors Panel Discussion</b>	MC Tech Assistant Superintendent Dana Hice DePugh and instructors will provide an overview of the cooperative program for Career Prep students.	
CM 159	<b>The Right Path to a Teaching Career</b>	Professor Theresa Capra will discuss becoming a certified teacher in New Jersey or other states, transferring to a four-year school, or pursuing a degree to become an assistant teacher or paraprofessional. Learn about the Education major at Mercer, the transfer process, and requirements for various career paths.	
CM 167B	<b>New Media: The Future of Radio, Television, &amp; Film</b>	Professor Steve Voorhees will introduce the faculty of the Radio, TV, & Digital Film Department for a hands-on tour of our state-of-the-art production facilities including radio labs, cable television station, and a special demonstration featuring the work of drones in digital film.	
Dining Hall	<b>Achieving Your College Goals Through Transfer</b>	Transfer Office staff members Laurene Jones and Jennifer Cook will describe how Mercer students can plan with confidence to transfer to a four-year college or university and will answer questions.	

Location	Presentation	Description	SESSION 1 • 10-10:45
ES 100	<b>Engineering and Architecture Laboratories Tour</b>	Professors Dom Defino, Garry Perryman, and Harry Bittner will lead a walking tour of the Architecture and Engineering laboratories and introduce programs in Architecture, Engineering Science, Civil Engineering Technology, Electrical Engineering Technology and Advanced Manufacturing Technology. Features include drone technology and 3-D printer demonstrations. Guests will be able to view the open channel flow model, universal testing machines (for testing concrete and steel), and beam strain gauges.	
HG 100	<b>Greenhouse Tour with a Floral Demonstration</b>	Professor Amy Ricco will guide a tour showcasing the greenhouse, the grounds, and student projects. There will be a floral demonstration with flower arrangements available for sale to participants.	
MS 218	<b>Biology Major – the Right Choice for Many Students!</b>	Professors Diane Hilker and Linda Gaylo will converse with guests about the Biology program, courses, and opportunities for Honors, study abroad and research. Visitors will have a tour of newly-renovated Biology laboratories and meet some of our live "critters."	
MS 306	<b>Motions and Analyses in the Physics Lab</b>	Professor Jing Huang will guide guests to observe and analyze motions in a hands-on Physics laboratory.	
MS 317	<b>Explore Chemistry at MC3!</b>	Professor Helen Tanzini will present information about the Chemistry program, courses and opportunities for Honors, outreach and research. Visitors will have a tour of newly-renovated Chemistry laboratories. Chemistry faculty and students will be available for questions and discussion.	
SC 211	<b>Screenings Sponsored by the Nursing Education Program</b>	Director Donna Penn and Nursing Education faculty and staff will offer blood pressure screenings, breast cancer and testicular cancer awareness, and heart health advice.

Location	Presentation	Description	SESSION 2 • 11-11:45
CM 109	<b>Meet the President</b>	President Patricia C. Donohue will introduce the new Vice President for Academic Affairs, Dr. Eun-Woo Chang, and provide highlights of the coming 2014-2015 academic year. Both will respond to questions from the audience.	
AD 121	<b>The Business Curriculum at MCCC – Stories of Success</b>	Professor Laura Sosa and other Business faculty will provide an overview of the Business degree offerings, transferability, and transfer partners. Business alumni will describe how MCCC prepared them for completion of a four-year degree in Business at their transfer institution. Current students close to degree completion will also discuss their experience at MCCC.	
AD 130	<b>Why Study Abroad</b>	Director Andrea Lynch will review such study abroad options as faculty-led, short-term tours or semester or longer study at a foreign university with transfer credits back to Mercer. In the spring of 2015, faculty are taking students to 6 different locations: Cuba, Italy, China, Poland, Belize, and France.	
Athletics Center Lobby	<b>Athletics at Mercer: Excellence in Performance and Education</b>	Athletics Director John Simone will describe the Mercer intercollegiate and recreational athletics program, provide a tour of Mercer's athletics facilities, and visit with players and coaches at a team practice.	
BS 209	<b>Overview of the Criminal Justice Program</b>	Professor Cavit Cooley will provide a brief overview of the Criminal Justice Program, including both the law enforcement and corrections majors.	
BS 306	<b>Up, Up and Away! The Aviation Program - Simulated and Real</b>	Professors Joan Jones and Judith Stillwagon will describe the Aviation Program and the excitement of learning to fly and showcase the program's new simulator. An optional afternoon visit to facilities at Trenton-Mercer Airport will be offered.	
BS 314	<b>Funeral Service Education</b>	Professor Michael Daley will explain what is involved in the funeral service profession as a whole. Faculty will also discuss licensure requirements in New Jersey and Pennsylvania, the particulars of securing and serving an internship, the national and state testing involved, as well as the full and part-time options available at MCCC.	
CM 122	<b>Get to Know the Theatre and Dance Programs at MCCC</b>	Professor Jody Gazenbeek-Person will help you get to know the Theatre and Dance programs at Mercer. Interested students and parents will get a tour of performing arts facilities, participate in mini-classroom activities that demonstrate teaching strategies, and meet with faculty and staff from the Theatre and Dance Programs.	
CM 159	<b>The Right Path to a Teaching Career</b>	Professor Theresa Capra will discuss becoming a certified teacher in New Jersey or other states, transferring to a four-year school, or pursuing a degree to become an assistant teacher or paraprofessional. Learn about the Education major at Mercer, the transfer process, and requirements for various career paths.	
CM 167B	<b>New Media: The Future of Radio, Television, &amp; Film</b>	Professor Steve Voorhees will introduce the faculty of the Radio, TV, & Digital Film Department for a hands-on tour of our state of the art production facilities including radio labs, cable television station, and a special demonstration featuring the work of drones in digital film.	
Dining Hall	<b>A Day in the Life of an Online Student – Dispelling Myths Associated with Distance Learning</b>	Professor Michael Sullivan will dispel myths associated with distance learning, while providing you a snapshot into a day in the life of an online student. After the session, MercerOnline will provide you logon information to test drive an online course.	

Location	Presentation	Description	SESSION 2 • 11-11:45
ES 100	<b>Engineering and Architecture Laboratories Tour</b>	Professors Dom Defino, Garry Perryman, and Harry Bittner will lead a walking tour of the Architecture and Engineering laboratories and introduce programs in Architecture, Engineering Science, Civil Engineering Technology, Electrical Engineering Technology and Advanced Manufacturing Technology. Features include drone technology, and 3-D printer demonstrations. Guests will be able to view the open channel flow model, universal testing machines (for testing concrete and steel), and beam strain gauges.	
ET 207	<b>An Overview of Automotive Technology programs at MCCC</b>	Professor Fred Bassini will introduce today's service and repair industry, explain current technologies and future trends, describe what is expected from today's automotive technicians, introduce the Mercer Automotive Technology program and discuss both the Mopar College Automotive Program (MCAP) and Comprehensive Program options. Staff will answer audience questions, and all will be invited to the Technical School across the street for a shop tour and repair demonstrations.	
Holocaust Center	<b>Holocaust and Genocide Center Workshop</b>	Co-Directors Elizabeth DiGiorgio and Edie Serafine will guide a workshop that will introduce the Holocaust Center, review its purpose and events, present an interactive activity related to understanding the Holocaust, and host a brief tour. Special guest Dr. Vera Goodkin will reflect upon her survivor's experience.	
Kelsey Theatre	<b>Tomato Patch</b>	Teachers and students in the Tomato Patch program will present performances and answer questions about this multidisciplinary Summer Arts Workshop, now in its 42nd year.	
LA 214	<b>How to Make the Liberal Arts Your Gateway to College Transfer and Success</b>	Professor Ed Carmien will lead a panel of Liberal Arts faculty members as they discuss Liberal Arts at Mercer and how students gain the academic background and collegiate skills to succeed in studies and transfer to four-year schools.	
MS 164	<b>Overview of the Nursing Education Program and Laboratory Tours</b>	Director Donna Penn will provide a program overview and tours of the nursing labs.	
SC Dining Hallway	<b>Continuing Studies: Explore a New Career, Enhance Your Skills, Enrich Your Life</b>	Dean Lynn Coopersmith and members of the Center for Continuing Studies staff will present information on professional development opportunities, certificate programs and personal interest courses offered by the Center. Guests will then visit the MCCC Conference Center or other buildings on campus to observe classes in session.

Esta sesión está diseñada para nativo hablantes del español.	
LB 101	<b>Spanish Reading Circle: People and Stories</b>	Professor Daniel D'Arpa will lead a reading of a short Story in Spanish followed by group discussion of topics and themes. This workshop is designed for native Spanish speakers.	
MS 218	<b>Biology Major – the Right Choice for Many Students!</b>	Professors Diane Hilker and Linda Gaylo will converse with guests about the Biology program, courses, and opportunities for Honors, study abroad and research. Visitors will have a tour of newly-renovated Biology laboratories and meet some of our live "critters."	
MS 330	<b>Explore Chemistry at MC3!</b>	Professor Michael Dorneman will present information about the chemistry program, courses and opportunities for Honors, outreach and research. Visitors will have a tour of newly-renovated chemistry laboratories. Chemistry faculty and students will be available for questions and discussion.	
SC 211	<b>Screenings Sponsored by the Nursing Education Program</b>	Director Donna Penn and Nursing Education faculty and staff will offer blood pressure screenings, breast cancer and testicular cancer awareness, and heart health advice.	
SC Dining Hallway	<b>Continuing Studies: Explore a New Career, Enhance Your Skills, Enrich Your Life</b>	Dean Lynn Coopersmith and members of the Center for Continuing Studies staff will present information on professional development opportunities, certificate programs and personal interest courses offered by the Center. Guests will then visit the MCCC Conference Center or other buildings on campus to observe classes in session.	
Trenton-Mercer Airport	<b>Up, Up and Away! The Aviation Program - Airport Site Visit!</b>	Professors Joan Jones and Judith Stillwagon will host a visit to facilities at Trenton-Mercer Airport. See aircraft and learn about hands-on programs close-up. Guests will provide their own transportation and meet at the airport (directions will be provided at the morning session).	

Location	Presentation	Description	SESSION 4 • 2:30-3:15
CM 109	<b>Deans Discussion of Student Campus Life</b>	Vice President for Academic Affairs Eun-Woo Chang will moderate a panel including Deans Diane Campbell, Winston Maddox, Linda Scherr, Robin Schore, and Monica Weaver, who will each make a brief presentation about student life on campus followed by questions from audience members and answers from the deans.	
CM 108	<b>Featured Student Filmmakers</b>	Professors Steve Voorhees and Barry Levy will moderate a screening and panel discussion of short films written and directed by student filmmakers.	
CM 122	<b>Get to Know the Theatre and Dance Programs at MCCC</b>	Professor Jody Gazenbeek-Person will help you get to know the Theatre and Dance programs at Mercer. Interested students and parents will get a tour of performing arts facilities, participate in mini-classroom activities that demonstrate teaching strategies, and meet with faculty and staff from the Theatre and Dance Programs.	
CM 156A	<b>A Celebration of Music at Mercer</b>	Professor Elizabeth Rzasa will host a performance showcase of the wonderful artistic talents of Mercer alumni, faculty, and current students through jazz, classical, and contemporary music.	
Dining Room	<b>What to Expect in College</b>	Educational Opportunity Fund Counselor Tricia Shaw will provide a preview of what to expect at MCCC and will answer questions from prospective students and parents.	
ES 100	<b>Engineering and Architecture Laboratories Tour</b>	Professors Dom Defino, Garry Perryman, and Harry Bittner will lead a walking tour of the Architecture and Engineering laboratories and introduce programs in Architecture, Engineering Science, Civil Engineering Technology, Electrical Engineering Technology, and Advanced Manufacturing Technology. Features include drone technology, and 3-D printer demonstrations. Guests will be able to view the open channel flow model, universal testing machines (for testing concrete and steel), and beam strain gauges.	
ES 111	<b>Becoming Successful in the Hospitality Industry</b>	Professor Doug Fee will discuss the opportunities within the Hospitality Industry and the many options that we offer to help our HRIM family of students reach their goals.	
ES 121	<b>Faculty Discussion and Tour of Fine Arts Studios</b>	Professor Michael Willever and other Arts faculty will discuss Fine Arts facilities, review program credit distribution, and present examples of student and faculty artwork. A tour of Fine Arts studios will follow.	
ES 131	<b>Introduction to the Photography Program</b>	Professor Michael Dalton will introduce the Photography program, moderate a professor/alumni presentation of work and equipment, and offer a sample lecture.	
Kelsey Theatre	<b>Preview of Count Dracula</b>	John M. Maurer, a Mercer alumnus, will provide a sneak preview of Count Dracula.	
LA 128	<b>Mathematician Just Chosen Number One Career by Careercast -- Come See Why!</b>	Professor Richard Porter and Math students will present student posters on student-chosen topics including sea turtles, fast cars, and much more! Also, experience a hands-on demonstration that will help prospective students and parents better understand what the opportunities are in Mathematics today. No special math skills are required for this demo into secrets of the world that mathematics can explore.	
LB 202	<b>Class Preview: Spanish for Healthcare Workers</b>	Professor Daniel D'Arpa will present the "Day1" lesson plan for Mercer's new course, "Spanish for Healthcare Providers." Participants will break into small groups to role play triage questions and conversations. This workshop will be presented in elementary Spanish.	

Location	Presentation	Description	<b>SESSION 4 • 2:30-3:15</b>
LB 202	<b>Presentación preestreno de un nuevo curso: "Español para proveedores de servicios de salud"</b>	El profesor Daniel D'Arpa presentará la lección del primer día del programa del nuevo curso, "Español para proveedores de servicios de salud." Los participantes se dividirán en parejas para hacer los papeles de paciente y proveedor de primer contacto, y trabajarán juntos para cumplir con una serie de preguntas y diálogo. Esta sesión se presentará en un español básico.	
MS 164	<b>Overview of the Nursing Education Program and laboratory tours</b>	Director Donna Penn will provide a Program overview and tours of the nursing labs.	
PE 119	<b>Functional Movement Screening</b>	Director John Kalinowski will give an introduction to Exercise Science – opportunities, the program, what we've done, where the students are & have gone. Guests will participate in a Functional Movement Screening.	

Location	Presentation	Description	<b>RECEPTIONS 3:30-4:30</b>
Art Gallery	<b>A reception for the current Faculty Art Show and for students, alumni and friends of the Arts &amp; Communication and Liberal Arts at Mercer</b>	Alumni of Arts & Communication and Liberal Arts programs will join with friends of the Art Gallery for a reception. The Gallery is showing the works of current faculty members, many of whom will be there. Visit a dynamic presentation created for guests by the faculty of the Communications Associates in Arts degree. Dean of Liberal Arts Robin Schore will host.	
CM Lower Lobby	<b>A reception for faculty, students, alumni, and friends of Business, Accounting and the STEM disciplines</b>	Network with other business, accounting and STEM professionals and reconnect with faculty members at this networking reception. Bring your business cards to exchange and enter a prize drawing. Hosted by Dean of Business and Technology Winston Maddox.	
Upper LA-ET Bridge	<b>A reception for students, alumni and friends of Nursing and Health Professions at Mercer</b>	Alumni of Nursing and Health Professions programs at Mercer will join faculty members, students, and other friends for a reception. Catch up on relationships and network with others. Director of Nursing Donna Penn will host.	
Dining Hall	<b>A reception for prospective and current students. Come and make friends, ask questions, and enjoy refreshments</b>	Current and prospective students will gather for conversation and refreshments. Meet other students and find out what goes on at Mercer! Dean of Student Affairs Diane Campbell will host.	
Faculty Dining Room	<b>A reception for parents of prospective and current students</b>	Parents of prospective and current students will gather for informal conversation and refreshments. Dean of Math, Science and Health Professions Linda Scherr will host.
