

# Welcome NEW Transfer Students!

Achieving your goals and  
avoiding the “swirl”

Presented by:

Laurene Jones & Jennifer Cook

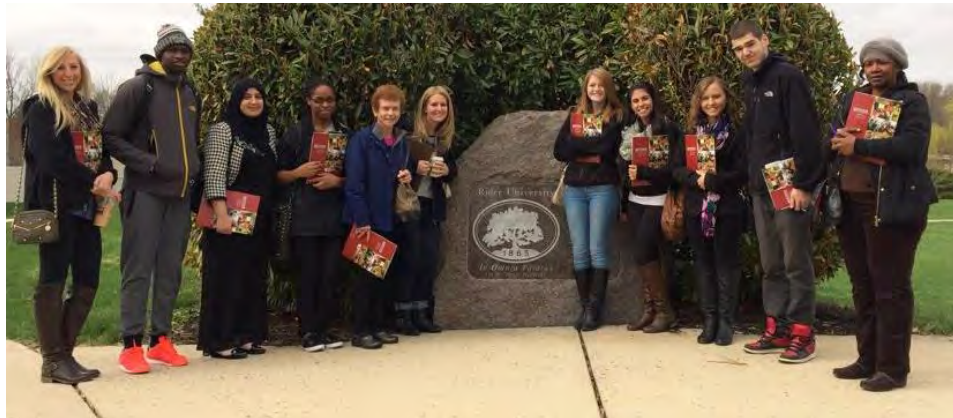

# Transfer students come to MCCCC for a variety of reasons:

- Didn't like their first school
- Didn't make friends
- Made too many friends
- Academic Dismissal
- Undecided Major
- Health Concerns

- Tuition Costs/Financial Burden
- Improving skills
- Special Programs/Athletics
- Returning to college after many years
- And more!**

# Transferring to MCCC

## Where are you in this process?

1. **Apply to MCCC – be sure to DECLARE A MAJOR.**
2. **Send an OFFICIAL (sealed) copy of your transcript to MCCC. We require transcripts from EVERY school you have attended. *This also goes for AP scores.***
3. **When MCCC receives your transcript, a copy will be sent to be evaluated for the major that you indicate on your transcript. If you list no major, your transcript will sit in a pile of other undeclared transcripts and never be evaluated.**
4. **Once the faculty advisor is finished with reviewing your transcript, they will indicate which courses you will get credit for and then notify the registrar's office to post your credits.**
5. **In order to post credits to your transcript, you MUST be registered for classes. If you have not registered, you will never see your credits posted.**

**\*\*\* Your transcript will ONLY be evaluated for the major that you declare on your application. You MUST declare a major and cannot be “undecided”. If you change your major later, your credits will need to be re-evaluated\*\*\***

## Other housekeeping items:

### Student ID

- Every student needs to have their ID – this is needed for the library, testing center, etc.
- Bring copy of paid schedule and a second form of ID to the Welcome Center.

### Parking Decal

- If you are parking a car on campus, please get a decal for your car. You will need your vehicle registration card and your license plate number.

### Print Cards

- To print on campus you must have a print card. You can load money onto your print card.

### Books

- You can get your books from the bookstore. You can pre-order your books online and pick them up.

# Set realistic goals and make a plan to achieve them!

**Are you taking the right courses to meet your goals?** Not every course offered is transferable and there are resources available to help you.

**Do you have a plan in place to get to your next institution?**

What GPA is required? What are the rules? Are there specific courses required that maybe were not required at your previous school?

**Realistically, how long do you need to be here?**

**12 + 12 + 12 + 12  $\neq$  64**

If you left your last school due to poor grades, you'll likely need to stay here at least a year or possibly longer.

# Commit to Complete!

Understand [Lampitt](#) and how/if it applies to you!

Degree	Description	Covered by Lampitt
AA	Associate in Arts	YES
AS	Associate in Science	YES
AAS	Associate in Applied Science	NO
AFA	Associate in Fine Arts	NO

You can transfer out of MCCC with Junior standing if you complete an AA or AS degree at MCCC and transfer to a NJ public college/university

\* Note: If you are a former Rutgers student you will NOT get Lampitt coverage if you return to Rutgers after completion of your degree at MCCC.

**Get Guaranteed Admission to: NJIT, RIDER, or Montclair**

Students transferring to MCCC from another college can qualify for some Dual Admissions programs! You must graduate from MCCC with an eligible major and maintain a specific GPA set by the partner institution.

# Use NJTransfer the right way!

[www.NJTransfer.org](http://www.NJTransfer.org)

- Start with “Plan Academic Program” – this ensures that students are taking courses similar to the first two years at their next school
- Avoid “Find Course Equivalencies”

**NJ TRANSFER**  
*Linking New Jersey's Colleges and Universities*  
**Recommended Transfer Program**
