

June 2024

To whom it may concern,

Students enrolled in the AAS Aviation Flight Technology will need access to additional equipment not listed in individual course syllabi to succeed in the program. Additional equipment is also needed for our students to succeed in their pilot careers at any Part 121, Part 135, Part 91 or Part 61 aviation company. Equipment essential to student success for their degree program and for their careers as Commercial Pilots includes the following:

- Headset (noise cancelling feature preferred)
<https://www.sportys.com/aviation-headsets.html>
- Flight Bag
<https://www.sportys.com/shop.html?q=flight+bag>
- Kneeboard
<https://www.sportys.com/shop.html?q=kneeboard>
- Electronic E6B or Traditional E6B
<https://www.sportys.com/shop.html?q=E6B>
- iPad or Tablet (preferred)
<https://www.apple.com/ipad-mini/>
- Laptop
[Best Buy Laptops](#)
- Aviation Flight Planning Service Subscription: ie, Foreflight- or Garmin (*preferred*)
Note: Foreflight only operates on Apple products
<https://foreflight.com/products/foreflight-web/>
<https://www.garmin.com/en-US/aviation/fltplan/>
- Microsoft Office Subscription
[Microsoft Subscription](#)
- Logbook: Paper or Digital
<https://www.sportys.com/shop.html?q=logbook>
- ADS-B in receiver (*optional*)
<https://www.sportys.com/shop.html?q=ADSB>

If there are any questions regarding these student success items, please contact us at aviation@mccc.edu. Be advised that Mercer County Community College will not endorse any specific aviation products brands or equipment models.

Thank you,

Mercer County Community College
Aviation Department
