The A.A.S. degree in **Health Information Technology**, offered jointly with Camden County College, is designed for the student seeking a professional career based in the healthcare arena. Health information technology deals with the gathering, storage, and abstraction of health data that can be transformed into meaningful and useful information utilized by various professionals for a variety of purposes.

Students educated in the field can perform various job duties and are employed in a variety of settings. Acute care hospitals, long-term care facilities, rehabilitation facilities, insurance agencies, and pharmaceutical companies are just a sampling of employers. Positions include EHR (electronic health records) specialist, clinical data specialist, medical record coder, APC (ambulatory payment classification) coordinator, privacy officer, compliance specialist, and data quality manager.

The health information technology profession offers opportunities with a wide scope of responsibility, flexible hours, and considerable potential for growth. The American Health Information Management Association (AHIMA; www.ahima.org), a national professional organization with approximately 50,000 members, maintains current information regarding growth of the field, salaries, and employers.

Graduates of this program will receive a joint degree from both Camden County College and Mercer County Community College. MCCC provides courses for the first year of study; Camden offers the remaining courses (all available online) to complete program requirements.

The Health Information Technology program at Camden County College is accredited by the American Health Information Management Association (AHIMA) and the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), 233 N. Michigan Ave., Suite 2150, Chicago, IL 60601; 312-233-1100; www.cahiim.org

PROGRAM OUTCOMES

- Meet the entry-level competencies and become gainfully employed in the health information technology field;
- Seek Registered Health Information Technologist (RHIT) certification through AHIMA;
- Transfer to a baccalaureate degree program at surrounding universities including Temple, Gwynedd Mercy, and Rutgers.

After completing a four-year degree, students may continue their education to the master's degree level either in health information management or a related field.

DEGREE CURRICULUM

2024-2025 Academic Year

HLTH.INFO.TECH.AAS
CIP 510706

The course sequence below represents a recommended example of how this degree program can be completed in two years, presuming a Fall Term start and satisfaction of all Developmental Studies (Foundations courses) requirements and prerequisites. Actual approaches toward completion depend on each student's anticipated transfer institution, career objectives, or other individual circumstances.

Students are encouraged to meet regularly with an academic advisor or Success Coach to consider options, establish plans, and monitor progress.

Mercer County Community College Courses

Code	Course (lecture/lab hours)	Credits
FIRST SEMESTER		
BIO 103	Anatomy and Physiology I (3/3)	4
ENG 101	English Composition I (3/0)	3
HPE 113	Medical Terminology (3/0)	3
IST 101	Computer Concepts with Applications (2/2)	3

SECOND SEMESTER

BIO 104	Anatomy and Physiology II (3/3)	4
BUS 230	Global Environment of Business (3/0)	3
ENG 102	English Composition II (3/0)	3
MAT 200	Statistics for Social and Health Sciences I (3/0)	3
MOA 101	Medical Ethics and Office Procedures (3/0)	3
Credits Subtotal:		29

Camden County College Courses

Code	Course	Credits
------	--------	---------

SUMMER SESSION

HIT 101	Introduction to Health Information	3
HIT 132	Basic Pharmacology	3

THIRD SEMESTER (Fall)

HIT 110	Health Informatics	4
HIT 115	Healthcare Reimbursement	3
HIT 130	Introduction to Ambulatory Coding	3
HIT 134	Basic Pathophysiology	3
HIT 140	Diagnostic and Procedural Coding I	3
HIT 150	Technical Practice Experience	1

FOURTH SEMESTER (Spring)

HIT 202	Statistical Methods for Health Information	3
HIT 215	Advanced Ambulatory Coding	3
HIT 235	Organizational Resources, QI/PI	4
HIT 240	Diagnostic and Procedural Coding II	4
HIT 220	Professional Practice Experience	2
Credits Subtotal:		39
