

RADIO STATION WWFM AND CABLE CHANNEL 23

Radio Station WWFM and Cable Channel 23 are integral components of MCCC. As such, they promote, complement and give substance to the College's mission of providing high quality educational programs and services for the citizens of Mercer County. They offer general interest programs, learning opportunities and local community services which are responsive to the occupational, educational and cultural needs of the community. Such programs include, but are not limited to educational courses, announcements of local events and activities, music, drama, and programs on topical subjects of direct interest to the community served by the College.

WWFM and Channel 23 comply with Federal Communications Commission rules and regulations, and WWFM complies with the operational guidelines set forth by the Corporation for Public Broadcasting and National Public Radio.
