Units of study in detail – Unit Student Learning Outcomes:

Unit I  [Introduction and Overview of Police Administration] [Supports Course SLO 1, 2, 3]

Learning Objectives
The student will be able to:

- Delineate and define the police administrator’s role in the organization.
- Identify the impact of modern administrative practices upon law enforcement agencies.
- Describe and define administrative controls.
- Interpret the various forms of government and their impact upon law enforcement.
- Understand and be able to define significant police administrative terms.

Unit II  [Organizational Theory and Design I] [Supports Course SLO 1, 2, 3]

Learning Objectives
The student will be able to:

- Demonstrate the effect that political groups have upon law enforcement.
- Discuss the reason for the functional distribution of the force.
- Define and evaluate the role of public opinion upon law enforcement.
- Evaluate the impact the police executive has upon the organization.
- Appreciate the pros and cons of consolidating police agencies.

Unit III  [Organizational Theory and Design II] [Supports Course SLO 1, 2, 3]

Learning Objectives
The student will be able to:

- Delineate and define the various functions of line and staff units of law enforcement agencies.
• Explain the effects of the proper distribution of the patrol force versus the improper distribution of the patrol force.
• Define the coordination of the patrol and detective divisions.
• Demonstrate and defend the need and importance of effective traffic administration.
• Identify and describe the need for a method of evaluation of police organization and administration.
• Evaluate the benefits and disadvantages of different types of patrol.

**Unit IV** [Operational Budgets, Evaluation, and the Future] [Supports Course SLO 1, 2, 3]

**Learning Objectives**
*The student will be able to:*

• Criticize the criteria used for measurement of police organization and administration evaluations.
• Discuss, defend and/or challenge professional standards for law enforcement agents or agencies.
• Appreciate the budgetary process and the financial restraints placed on police agencies.
• Understand the interrelationship of the citizen, police department and crime prevention.
• Analyze the use of technology in crime fighting, daily operations and computer statistics for long term planning.

**Evaluation of student learning:**

Students should be given a variety of opportunities for course participation. This may include oral discussions and or presentations, examinations, and research writing. The student will be given at least two (2) examinations during the course of the term with the dates and format to be decided by the instructor. Examinations may include an essay component. Students will be given adequate advance notice of the dates and the topics in each examination. The instructor may require a term project or case study on an administrative decision imposed within a police department. The instructor will determine the percentage of examinations, the project/case study, and class participation in the computation of each student’s grade.
