2021-2022 VERIFICATION GUIDE

Introduction

Your application was selected for a review called Verification. Verification is a process governed by Federal and/or State regulations and is used to ensure that the information applicants report on the Free Application for Federal Student Aid (FAFSA) is accurate. In this process, MCCC will compare information from your 2021-2022 FAFSA with, if applicable, copies of 2019 U.S. Federal Tax Return Transcripts, W-2 forms, and/or other financial documents. Information retrieved using the Internal Revenue (IRS) Data Retrieval Process and not subsequently changed, is considered acceptable documentation for IRS-related information, and your Federal Tax Transcript will not be required.

The law requires us to ask for this information before awarding Federal Aid. If there are differences between your application information and your financial documents, MCCC will need to make corrections. If you do not complete this form or submit all of the required documents requested, we will not be able to complete the processing of your financial aid. Please note that verification is unique and is always evaluated on a case by case basis.

Verification Deadlines

Listed below are the deadlines by which an applicant must complete verification. Verification is complete when an applicant has submitted all requested documents, any necessary corrections have been made, and we receive your corrected institution Student Information Record (ISIR).

Fall 2021	December 15, 2021
Spring 2022	May 08, 2022

CONSEQUENCES

Your failure to provide documentation within the specified time period could result in:

- Loss of financial aid for the semester or academic year;
- Future applications for financial aid may not be processed;
- Your financial aid application material may be forwarded to U.S. Department of Education for review.

COMPLETION OF VERIFICATION

When the verification review is completed:

- You may receive a follow-up request for additional documentation via your Mercer student email, or;

REFFERALS

If, during verification, it is determined that a student has received funds which they were not eligible to receive, the student must repay this amount. If a repayment is not made, the overpayment will be referred to the U.S. Department of Education. No further applications for financial aid will be processed by the U.S. Department of Education or our office.

SUMMARY

The selection of an application for verification review does not mean that we believe your information is incorrect. Some applications are selected for review on a random sample basis. Some applications are selected based upon a set of common edits which check data for consistency and logic. Finally, data is also checked against prior applications which have been submitted to the U.S. Department of Education.

During the time an applicant is completing the verification process, no funds may be disbursed. In addition, a check may not be ordered until the process is completed. If a student is seeking a Federal Direct Loan and is selected for verification, the application cannot be certified by the institution until verification is completed.

If you did NOT retrieve and transfer your and/or your parent(s)' income tax return information using the IRS Data Retrieval Process when initially completing the FAFSA on the Web, you can **make corrections using FAFSA on the Web to subsequently transfer this information.**

VERIFICATION IS REQUIRED BY FEDERAL REGULATION. MERCER COUNTY COMMUNITY COLLEGE MUST ADHERE TO THESE PROCEDURES.
