WHAT IS CLEP?

The College Level Examination Program (CLEP) is a series of introductory college subject examinations that allow individuals to earn college credit for what they already know, regardless of how the knowledge was acquired. Our institution awards credit to our students for successful scores on CLEP exams.

The exams are administered on computer, and students receive instant unofficial score reports, with the exception of the College Composition and Spanish with Writing tests. CLEP has a STUDY GUIDE to provide information about each test and to help you prepare for your CLEP exam(s). Visit Mercer County Community College Library and ask the Reference Librarian for the CLEP Study Guide.
