ACCEPTANCE CRITERIA and RANK SCORING

- You must be a MCCC student with a minimum 2.5 cumulative GPA documented on your MCCC transcript.
- Students who completed all general education courses by the application submission are ranked highest.
- All science and mathematics courses must be completed by the end of the spring semester the application is submitted. ENG101 is the co-requisite to BIO103.
 - Students may have the three remaining general education courses in progress or incomplete by the end of the spring semester the application is submitted. However, they are ranked based upon the number of courses in progress followed by those incomplete.
