*May Her Memory
Nurture Students Forever*

In loving memory of her beloved sister, Joan Silver has established a multi-year gift to create the Mary R. Hayes Tribute Garden at Mercer County Community College. Mary was a beloved Professor Emeritus of Computer Science and Mathematics who taught at MCCC from 1980 to 2006. This garden is the first tribute of its kind at MCCC.

Original student designs were combined to create this unique living tribute. With guidance from the MCCC Ornamental Horticulture and Plant Science programs, MCCC students planned and installed the gazebo and flower garden. Such talented and caring students will maintain the Mary R. Hayes Tribute Garden into the future.

Visit www.mccc.edu for directions to the West Windsor Campus. Please enter campus via Old Trenton Road, turn right at the stop sign, and follow the road around the parking lot.

In the event of inclement weather, the dedication will be held in room 164 of the Communications Building. Driving instructions will be the same.
